

UNIT DEPOSIT ACCOUNTS

In order to simplify your transactions with the Suffolk County Council, we offer unit deposit accounts at the Council Service Center. You may open your account with any amount of money (minimum of \$25.00). After you have designated who may use the account, these people may then purchase awards, do registration transactions, register for district activities, or pay camp fees without cash for up to the balance in your unit account.

- The person making the transaction will receive a sheet showing the balance in the account after each transaction.
- Unit deposit accounts may be opened by mail, or in person at the Council Service Center during regular business hours.
